Imagine That! is an Educational STEM and Art based After School provider with 20 years of experience. We currently are offering our programs at over [37 schools](#) and we are still adding new schools throughout the Greater Atlanta area. Please click on the link above to see our current partners. We would love for your school to partake in our exciting, educational and challenging programs!

We offer three different subject areas that can be held independently or in any combination to best meet your school's needs. Please read the brief descriptions below and click the links for additional information:

- [Science Discoveries Classes](#) promote the learning of new problem solving techniques through hands-on science and an interactive story plot. The children learn through seeing, touching and doing! They learn and become familiar with the critical principles that will be prevalent throughout their education. The classes are full of 'aha' moments and laughter! To see what we are currently offering please [click here](#)
- [Robotics, Programming and Technology Classes](#) promote planning, leadership, group cooperation, and self-reliance.
 - In [Techno-Mania](#) the students will develop advanced problem solving through programming, engineering, and designing their own structures and robots!
 - For K-1st we offer Simple and Motorized Machine Education through LEGO® Education and Robotics and programming through Scratch, Merlin and WeDo™
 - For 2nd-5th we offer LEGO® Motorized and Pneumatic Machines, Multimedia Fusion 2.5, and NXT MINDSTORMS™ Robotics.
 - In our [Robotics Club](#), our older students have the opportunity to use Minecraft and LEGO MINDSTORMS EV3s and NXTs to learn programming
- [Art Outside the Box Classes](#) promote creativity, self-confidence, and appreciation of the arts. We lead age appropriate [art programs](#) offering personalized instruction in drawing,

painting and craft activities. Your students will become familiar with using perspective, shading, color mixing, proportion, framing and composition.

- We also offer [Sewing & Fashion Design](#) for your 2nd through 5th graders.

Benefits for Partnered Schools:

- We will come to your school's **Pep Rallies** and **Field Days** and do a demonstration absolutely **FREE!**
- We give the PTA one **FREE Summer Camp** voucher to raffle off for fund raising, worth \$210.00, if your school allows us to send home camp flyers!
 - If we are allowed to hold summer camps at your school, we will give the PTA two **FREE** vouchers!
- We offer discounted **Science Nights** and **In-House Field Trips** for our partners!
- We offer **Class In A Box** for your school to purchase that has all of the materials and curriculum for a one hour and fifteen minute STEM class for 15 students!

I hope our programs have sparked your interest! I would love to set up a time to speak with you and show you what Imagine That! is all about and why our motto is “We make learning fun!” Please let me know when is a good time to call and/or come in.

Thank you for considering our program and we hope to hear from you soon!

Sincerely,
Aricca Brown
After School Program Director
