Robotics Club Class Details

Robotics Club Grades 2-4 NXT Robots!

Students will explore the Universe beginning with the Mars Rover this session! Come with us as we discover the red planet with programming challenges to complete! As any good scientist knows we can modify our Rover to expand capabilities and meet the challenges the tasks demand. Will your student rise to the programming tasks ahead of them?

Robotics Club Grades 4-5 EV3 Robots!

Your student will have an exciting adventure this session as they take off for the stars with the EV3 Enterprise! Students will be challenged with programming tasks to complete the mission to find a world to explore. Once they find a new planet, the EV3 Endeavor will be launched to travel the planets' surface. Experiments will be tasked to explore through programming challenges. Is your student up to the journey? Come and join the "out of this world" fun!
